## DOING WHAT IS BEST FOR THE FUTURE OF CALIFORNIA'S FINANCIAL ENTERPRISE!

**\*\*PENDING BUDGET APPROVAL\*\***

Looking for a change? Do you want to make a real difference? Join the team responsible for changing financial management in the State of California.

The Financial Information System for California (FI\$Cal or FI\$Cal Project) is a historic partnership of the Department of Finance, the State Treasurer's Office, the State Controller's Office, and the Department of General Services — to transform the existing budgeting, accounting, procurement, and cash management systems to optimize the financial business management of the State. FI\$Cal will allow the State to operate as a single enterprise for the first time in history.

Join FI\$Cal. With a passion for implementing change and vision for enterprise-wide thinking, you will take a leading role in achieving our goal to bring enterprise resource planning tools and statewide process improvement to the State of California.

### THE FI\$Cal PROJECT IS SEEKING MOTIVATED CANDIDATES WITH THE FOLLOWING CHARACTERISTICS:

- ✧ Ability to exercise a high degree of initiative, independence of action, and originality;
- ✧ Ability to learn rapidly, follow directions, and communicate effectively with others;
- ✧ Ability to work unscheduled excess hours if needed to achieve Project goals;
- ✧ Ability to maintain regular, consistent, and predictable attendance.

### Candidates must also:

- ✧ Demonstrate good judgment, tact, initiative, and diplomacy;
- ✧ Be highly adaptable – and have the ability to adjust to multiple, changing priorities requiring quick turnaround;
- ✧ Be able to work in a matrix team environment, collaboratively and cooperatively with staff from multiple departments and agencies, and numerous vendors.

**DUTIES:** Under the general direction of the Data Processing Manager III (DPM III), the Systems Software Specialist III (Supervisory) (SSS III Sup) is responsible for developing and implementing the most complex processes, procedures and projects in support of the statewide security operations, compliance and governance of the FI\$Cal System.

The Security Operations Section Supervisor is a working technical expert in the areas of Security Operations and Risk Management. The incumbent will also serve as a lead and as a Oracle security tools subject matter expert. The incumbent supervises the team managing the FI\$Cal information security tools, to include but not limited to the Oracle Identity and Access Management (IAM) Suite, data security platform, intrusion detection and endpoint protection systems. The incumbent is also responsible for ensuring comprehensive and intricate security controls are properly implemented and in alignment with FI\$Cal's enterprise security requirements based on federal and state laws, regulations, and standards, as well as industry best practices.

**WHO MAY APPLY:** Current State employees at the Systems Software Specialist III (Supervisory) level, those within transfer range, or individuals who have list eligibility.
