------	------------

The Departments listed below are considered “Deferred Departments.” Deferred departments are those departments which have implemented or are in the process of implementing a financial management ERP system. The scope of FI\$Cal includes interfaces for deferred departments as well as all tasks necessary to implement the interfaces.

- California State Lottery Commission
- Department of Corrections and Rehabilitation
- Department of General Services
- Department of Motor Vehicles
- Department of Transportation
- Department of Water Resources

The Departments listed below are considered “Exempt Departments.” There are certain departments within the State that have special statutory provisions that allow them to use systems other than FI\$Cal for their financial management. These departments include the:

- University of California
- Hastings College of Law

However, these departments must exchange information necessary for the State to perform processes relating to the independent audits of receipt or disbursement of funds, warrant issuance, budgeting, and financial reporting.

There are certain other departments with similar statutory or constitutional provisions as the departments noted above, such as:

- Bureau of State Audits
- California State University
- State Compensation Insurance Fund
- California Public Employees’ Retirement System
- California State Teachers’ Retirement System (Financial Retirement and Investment)
- Legislature
- Legislative Counsel Bureau/Legislative Data Center
- Judicial Branch

These departments will exchange information necessary for the State to perform processes relating to the independent audits of receipt or disbursement of funds, warrant issuance, budgeting, and financial reporting. These departments may implement FI\$Cal at a later time.

Both deferred and exempt departments will provide user authentication information for departmental users submitting, exchanging, or interfacing data to FI\$Cal.
