

## Mission

Provide end users a progressive learning platform to actively participate in year-round training to excel in the FI\$Cal system.

## Vision

University of FI\$Cal creates opportunity for FI\$Cal end users to demonstrate initiative and proficiency in the FI\$Cal system while enhancing the portability of system skills for our state workforce. A University of FI\$Cal certificate indicates a commitment to learning, growth and career development.

## Goals

Effectively prepare department end users to engage in the FI\$Cal solution by continuously building their FI\$Cal knowledge and skill base.

Create a holistic training model to allow departments to integrate University of FI\$Cal resources with other modes of learning including on the job experience.
