

Site Features

- Expenditure data from departments that have at least a year of data in the system

- Predefined views of interesting data

- Raw data download

The screenshot displays the 'Spending Transactions' page. On the left, there is a sidebar with navigation options: 'Spending Annual Summary', 'Spending Monthly Summary', 'Spending Transactions' (selected), and 'Vendor Transactions'. Below this are 'Filters' and 'Views' tabs, with a list of predefined views such as 'Remove Clearing Account transactions' and 'What are the Employment Development Dept's expenditures by program?'. The main content area shows a treemap chart titled 'Spending Transactions' broken down by 'Department Name'. The chart includes segments for 'State Dept Hlth Care Serv...' (\$72,881,210,570.81, 60.26%), 'Department of Social Serv...' (\$12,950,634,269.05, 10.71%), 'Employment Development Dept' (\$5,360,023,944.12, 4.43%), 'Dept of Developmental Ser...' (\$3,275,519,751.70, 2.71%), and 'Dept of Child Support Ser...' (\$1,855,877,654.45, 1.53%). A 'Show More' button is also visible. Below the chart is a 'Data' section with a 'Records' button and a table with columns: Business Unit, Department, Agency, Agency Name, Department Name, Document ID, Accounting Date, Fiscal Year Begin, Fiscal Year End, and Account. The table contains five rows of data for the year 2019.

- Interactive charts

- Data tables filterable and sortable by expense type, program, department, and year
